This Chiastic structure is part of a larger reality, when looked at through the lens of the Great Controversy theme. Look for the Chiasm entitled, “IT IS FINISHED” (Great Controversy) for the larger picture on this subject. Very Enlightening!

The X refers to the shape of the chiasm from the Greek word “Chi”, pronounced /Ki/, 22nd letter of the Greek alphabet, from which we get the word ‘chiasm’.

*cf DA 769.1-The Son of God lay in quietude in Joseph’s tomb. His work completed, His hands folded in peace, He rested through the sacred hours of the Sabbath days.

** 5BC 1114.1 – Christ was in the stony prison house as a prisoner of divine justice, responsible to the Judge of the universe bearing the sins of the world.
